

As 2017 comes to a close, Design Build Services, Inc. would like to take this opportunity to thank you for your business this year and pray you have or had a very Merry Christmas and Happy New Year. We are grateful for each and every one of you and your companies as without you we could not be here to serve you. As we look to the past year, times have again been the best they ever have been for us. With the continuing improvement in the building industry, we have more clients than ever before. As we have been so busy again this year a number of your jobs were slow to complete, we are sorry for that. As we look to the next year, we look forward to finding better ways to help you, or people you know with our services.

If we can be of further help to you, or you know of someone who requires assistance, Design Build Services, Inc. offers lateral, structural, and civil engineering for new residences, buildings, additions, remodels, and drainage plans for single family residences or very small developments.

Please feel free to call us at (360) 793-9659 or email us at rheide@dbsmmonroe.com if we can help you in any way.

As the future has been and can be uncertain for all of our near futures, there is a way to have eternal security for our ultimate futures. That is what we celebrate at this time of year. May the love that God showed us, through His son Jesus Christ, fill your spirit with grace and blessing throughout the holiday season and the coming year.

Merry Christmas and a Happy New Year from all of us!

Tricia

The virgin will be with child, and will give birth to a son, and they will call Him Immanuel--which means God with us.

Matthew 1:23
